NEWS FROM THE HEADMASTER

Welcome to the start of Term 2 at King Edward and it was wonderful to greet the boys again after the holiday, albeit a shortened time away. Our theme for the first part of the term is RESPECT. I focused this week's lesson on self-respect and the importance of being able to self-regulate, pride in their work, pride in their appearance and the ability to think before they speak and act. Self-regulation is synonymous with self-discipline and ultimately the success of each boy at K.E.P.S. is the ability to control their impulses, work hard at all they do (at school and at home) and to be mindful of those around them.

While we are very blessed to be able to have all our boys back at school, we are well aware of the increased risks of COVID-19 infections after holiday periods, as we approach the colder months and local infection rates climbing into May and June.

I remind you that you are required to inform the school if you have a family member or person residing in your home who has tested positive for COVID (pfotiadis@keps.co.za). We cannot afford to become complacent or let our guard down at this stage of the year. It has been such a positive start to 2021 and we wish to continue to be able to offer our boys the best possible learning experience. Please assist us all by being cautious, wearing masks, sanitizing and avoiding gatherings where possible. Please note that there is no stigma in this pandemic as we are all in this together!
